Aim of the meeting:

The aim of this meeting is to help social partners develop a constructive and fruitful social dialogue in the sector of temporary work agencies in Turkey. The meeting aims at increasing the representation and awareness of the social partners and to promote the knowledge of the EU in terms of internal market and social acquis.

The event is part of the implementation of the 2009-2010 work programme of EU Sectoral Social Dialogue Committee on temporary agency work, which includes the following item:

“Promoting National Social Dialogue”

The European social partners envisage holding one or two roundtables in 2009/2010 in Bulgaria, Romania and/or Turkey in coordination with the social partners of the respective countries. These round tables will be organized in cooperation with TAIEX and will have as their aim to establish and/or improve national social dialogue in the sector and to promote the European social dialogue as part of the social “acquis communautaires”.

Similar roundtables have already been successfully organised by the two EU sectoral social partners in Poland (2006), Hungary (2007) and Bulgaria (2009), paving the way for the establishment of a national sectoral social dialogue in these three countries.
